Arius Eickert™ brand has one of the most advanced repair facilities in the world and we will do everything we can to ensure your tool is as good as new when returned to you. Please enter each tool to be reconditioned in the space to the left. Please circle your choice (Y/N) for adjustment of your scissor. **If neither are circled, we will assume YES to adjust.** Sometimes we need to readjust the balance and set of your scissor to make it run smoothly and safely. There is a small risk of the scissor blade or handle snapping during the process. Please indicate if you give us permission to adjust your tool if necessary. If you give permission, you hold the Arius Eickert™ brand harmless for any damage due to the reconditioning process.

Please provide a brief description of any problems with your tools: _____

1. Cut along line to the left to retain this stub for your records. Include the form to the left with payment in your package.

2. Wrap your items tightly in newspaper or bubble wrap to prevent damage in shipping. We recommend placing a rubber band around the handles or tips of scissors and nippers to make sure they do not open during shipment. **DO NOT WRAP TAPE AROUND YOUR SCISSORS!**

3. Pack your items into any box or padded envelope. Make sure your tools are protected.

4. Fill out the form to the left and address your package to:

Arius Eickert Professional Repairs
